AMENDMENT AFTER FINAL REJECTION

In response to the Office Action dated February 18, 1992,
please amend the above-identified application as follows:

IN THE CLAIMS:

5. (Once amended) A connector bank between a wire and a
circuit board, the connector comprising:

OK to enter in
a connecting element having [first] connector means for
forming an electrical connection between said connecting element
and the wire, said forming of said electrical connection requiring
a force to be applied to said connecting element;

6'
contact means for forming an electrical connection to the
circuit board[;], said contact means having a plug [a second]
connector means forming an electrical connection between said
contact means and said connecting element, said [second] plug
